

Goodwill Foundation

Monthly progress report for the month of October 2009

Tuition center: We are progressing well with our tuition center at Poramanavayal. Though there are difficulties in gathering children for the tuition, there are about 10 to 15 children are getting benefits from our service there. I and my wife have been visiting regularly and monitoring the progress.

Motivation for schooling: Besides, as we have been visiting Polampatti village, we saw school going children wearing tore cloths and not attending schools regularly. So, we expressed our desire that you should go to school regularly if we provide some dresses. So, we have selected 10 school going children to provide them school uniform in order to encourage them to go to school regularly. However, we bought cloths for 10 shirts and given them for stitching this month. And we plan to buy cloths for pants' next month for these boys and given them uniform sets. They all are waiting eagerly for the new uniforms sets.

Help to physically disabled: One of the physically disabled person in Polampatti village receives our monthly monitory support every month and he could manage his needs and feel happy now.

Administration: As we have been developing our trust, we wanted to make voucher and receipt book on our trust name. As per our last month plan, we were able to print voucher books and bill books in "Good Will Foundation" name.

In order to keep the records of our program details, I took print outs of some of the photos and kept it for the records.

News from New York

1) Rampur : Shimla project is going very well. I spoke to Hannah to find out the progress. Monthly support for the project children have been sent for the month of October 09.

2)There was a request from one of my known persons from Kattivillai,Kayakumari.His own sister's(Y Rajam) daughter (Shoba) had to undergo an open heart surgery as she has a hole in her heart. After collecting some money from well wishers, Goodwill donated Rs 20,000 to this cause. Y.Rajam called me from Kanyakumari to inform that the operation was successful and shoba is doing well.
